Subject: 6.0.2 Certification

Dear [REDACTED]

Pursuant to Idaho Code § 34-1106A, the Idaho Secretary of State approves the following:

Tenex Electronic Poll Book App: 6.0.2

IOS Version: 17.2.1 and above

Precinct Central Console: 23-02

After review of the required documents on file with the Secretary of State, including the formal application for certification, other state certification letters for 6.0.2, independent testing reports from Pro V&V, and successful completion of testing with county electronic pollbook customers, the certification for 6.0.2 is certified for use in Idaho as of February 1, 2024.

This certification should be understood to mean that, in the opinion of the Idaho Secretary of State's Office, the updated application satisfies the requirements of state law when operated correctly. This certification is not an endorsement or recommendation of the equipment.

Thank you for the time and effort put into this process.

Sincerely,

A handwritten signature in blue ink, appearing to read "P. McGrane", enclosed within a blue oval.
